Weigh Scale Integration & Smart Retail Billing

Seamlessly integrate electronic weighing scales with OdooMeter to capture product weights automatically and calculate accurate prices in real time. Improve billing speed, eliminate manual errors, and deliver a smooth checkout experience for your customers.

Real-Time Weight Capture

Automatically capture product weights from electronic weighing scales and calculate prices instantly within the system.

Weight-Based Product Billing

Sell products by weight with automatic price calculation, reducing manual work and improving billing accuracy.

Accurate Weight-Based Pricing

Automatically calculate product prices based on the actual weight captured from the scale.

Faster Checkout Experience

Instant weight synchronization between scale and system reduces billing time and improves efficiency.

Eliminate Manual Errors

Avoid mistakes from manual weight entry and calculations for 100% accurate billing.

Perfect for Retail Businesses

Ideal for supermarkets, grocery stores, fruits & vegetables, meat shops, bakeries, dry fruits stores, and more.

OdooMeter Hardware Compatibility

Android Handheld POS Device

Wide Screen POS Machine

OdooMeter works seamlessly with modern POS devices, helping businesses speed up billing, improve accuracy, and deliver a better customer experience.

- **Thermal Printers**
- **Barcode Scanners**
- **Barcode Label Printers**
- **Weighing Scale Integration**
- **PLU Code Generation**
- **Handheld POS Devices**
- **Touch POS Terminals**
- **Customer Display Solutions**

Thermal Printing & Barcode Printing

Thermal Printing

Fast and reliable thermal printing for invoices, receipts, and order slips with clear and crisp output.

Barcode Printing

Efficient barcode printing for product labels, price tags, and inventory management with precise clarity.

OdooMeter supports high-speed thermal printing and barcode printing to ensure fast, accurate, and reliable billing and labeling for your business.

- **High-Speed Performance**
  Print invoices, receipts, and labels quickly without delays.
- **Clear & Sharp Output**
  Get crisp text, clean barcodes, and professional-quality prints.
- **Business Efficiency**
  Reduce manual work and speed up billing, inventory, and labeling processes.
- **Seamless Integration**
  Works smoothly with OdooMeter for a complete POS and retail experience.

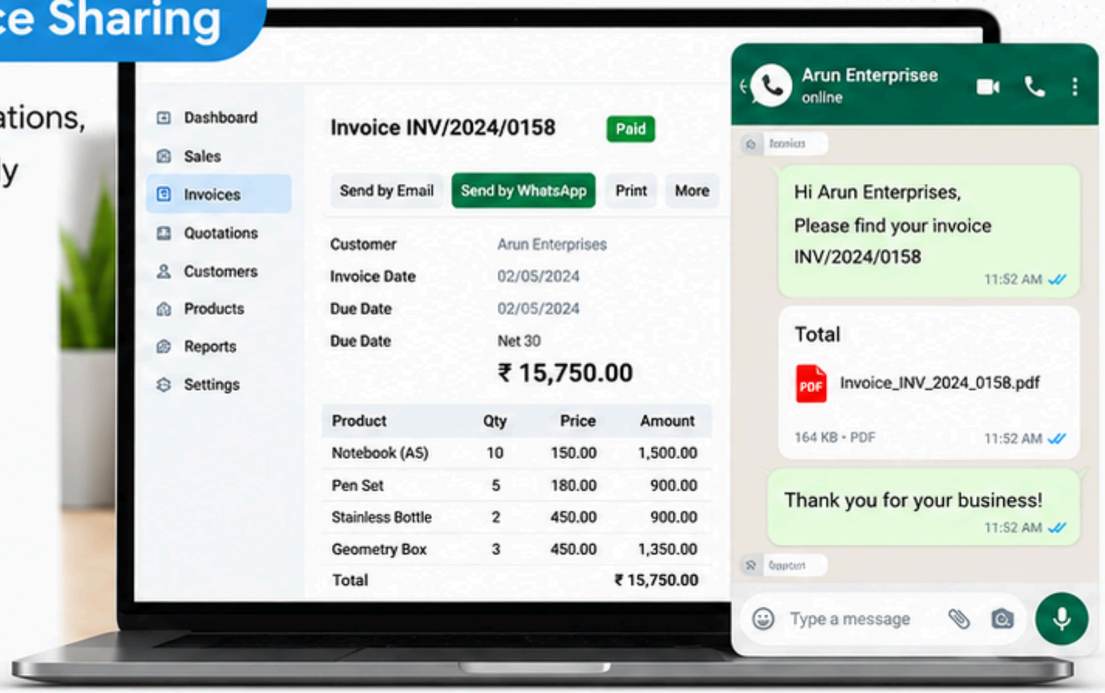

WhatsApp Integration & Automated Messaging

OdooMeter seamlessly integrates with WhatsApp, enabling businesses to send invoices, quotations, payment reminders, order confirmations, and customer notifications directly through WhatsApp. Improve communication, automate follow-ups, and provide a faster customer experience from a single platform.

- **Instant Communication**
  Reach customers directly on WhatsApp for faster responses and improved engagement.
- **One-Click Document Sharing**
  Share invoices, quotations, receipts, and billing documents instantly from OdooMeter.
- **Automated Notifications**
  Reduce manual work with automated reminders, confirmations, and status updates.
- **Seamless Integration**
  Works smoothly with OdooMeter to enhance customer communication and business efficiency.

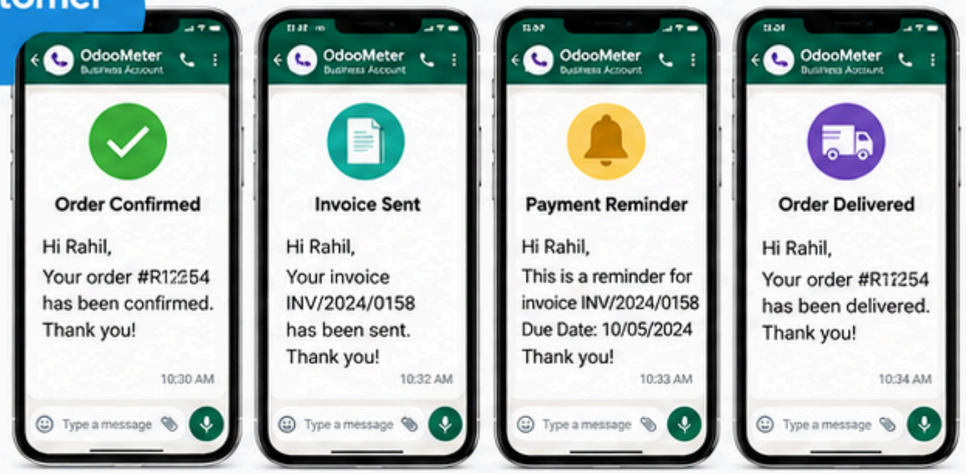

WhatsApp Invoice Sharing

Send invoices, quotations, and receipts instantly through WhatsApp with a single click, ensuring faster delivery and better customer communication.

Automated Customer Notifications

Automatically send order confirmations, payment reminders, delivery updates, and service notifications without manual follow-ups.

Why Businesses Choose OdooMeter

- **Simple & Easy to Use**

OdooMeter is built for business owners and staff, not IT experts. Start billing, tracking inventory, and managing operations without a steep learning curve.

- **Affordable & Scalable**

Starting at just ₹299/month, OdooMeter gives businesses access to professional billing and management tools without the cost of traditional ERP systems.

Trusted by Growing Businesses

OdooMeter is helping businesses across India and the GCC simplify billing, inventory management, accounting, POS operations, and daily business processes.
